BEAR BUTTE

Imagine yourself back in the Old West; keeping the peace in Tombstone, dealing with bank robbers, rustlers and other assorted “ne’er do wells”. Or maybe you are John Wayne, dispatching the “Bad Guys” in any of his Westerns.

That’s what it’s like when you participate in Cowboy Action Shooting. You are dressed as your real or imaginary heroes. You use the same firearms they used and just like in the movies, the good guys always win.

Cowboy Action Shooting is what you want it to be. Whether it’s shooting fully stoked black powder pistols, rifles and shotguns in big calibres or the lightest loaded 38’s with smokeless powder.

There are categories to accommodate everyone’s vision of the Old West, everyone’s gender, age and shooting ability.

The one thing all Cowboy Shooters have in common is a respect for safety and fun. When asked what they like about

Cowboy Action Shooting almost all shooters say it is the people they have met and the lifelong friendships they have developed from all over the world.

Come out to a match and see for yourself how much fun we have. Tell ‘em Bear Butte sent ya.
