ALIAS COLT McCLOUD

Do you remember when you were a kid and watched all those great Westerns on TV like Gunsmoke, Wyatt Earp, Death Valley Days and Bonanza. After you watched those shows you would go out and be that favourite Outlaw or Sheriff. I still get to be that cowboy just about every week-end along with a group of other like-minded people. We compete in Cowboy Action Shooting as members of the Single Action Shooting Society (SASS).

You too can join the Canadian Cowboy Confederacy and re-live those dreams! Put on your favourite cowboy clothes, strap on those six guns and come and join us for a wagon load of fun! We use, revolvers, rifles and shotguns.

If I had to pick a favourite it would be the shotgun. Shotguns were the equalizer for all stagecoach guards and any good lawman looking for an edge.

Come on out and join us!
