

STONEY CREEK

ALIAS

I have participated in 3 World championships, 1 National championship, and numerous regional and state championships within SASS.

SASS is an all inclusive shooting game that offers something for everyone. There are categories for all ages, and a smile that lasts long after the shooting is done.

Here are some rifle suggestions for new shooters:

Marlin makes an excellent starter rifle and a fine competition rifle in it's own right. But the real Cadillac, the rifle that turns heads and wins competitions is the classic 1873 rifle. Colonel Colt might have made all men equal, but the '73 rifle is still range boss.

My favourite gun? All of them!
