ALIAS

Cowboy shooting has the largest percentage of women than any other shooting sport by far.

I spent years shooting other firearm disciplines, then along came Cowboy Action Shooting and my lovely cowboy, R.T. Ways. There was no turning back!

Nothing compares to the costumes, antique guns, old west stage sets and comaraderie of this sport!

It has brought us to shoots throughout Ontario, Canada, and the U.S. More and more shoots are being held in Europe, Australia, and other venues world-wide as the sport gains in popularity.

Come one, come all, to the most fun, fastest growing sport around!
